

Along with other bug fixes, the following enhancements have been made to your NGI system as of July 9, 2009. If you have any questions or comments, please feel free to call us at (972) 747-1983, extension 112.

## Email Notifications

- Email notifications of Nomination Entry/Edit by Cycle
  - More granular control over who gets notified based on Nom Cycle
  - Go to **Email Event Mgmt, Set Email Events**

For each event select the email recipients, then click the submit button to save the settings.  
Only lists that are highlighted will receive email.

## Notices

- For non-FERC regulated facilities who post Notices in the Operator Role, you can upload PDF files.

(1) Set information about the notice (class, type, dates and subject) using the input boxes below.

Notice Class	Posting Date	Notice Start Date	Notice End Date	Response Date
<input checked="" type="radio"/> System-Wide	<input type="text" value="07/09/09"/>	<input type="text" value="07/09/09"/>	<input type="text" value="07/09/09"/>	<input type="text"/>
<input type="radio"/> Operational	Posting Time	Notice Start Time	Notice End Time	Response Time
<input type="radio"/> Critical	<input type="text" value="14:16"/>	<input type="text" value="09:00"/>	<input type="text" value="09:00"/>	<input type="text"/>
<input type="radio"/> Planned Service Outage				
Notice Type	Subject			
<input type="button" value="Cap Constraint"/>	<input type="text"/>			

(2) Click the 'Browse' button to select a .txt, .rtf, .pdf, .htm or .html notice file, then click the 'Upload Notice File' button. Note: To revise an existing notice, upload a file with the same name as the notice to be revised. The existing notice will be overwritten.

Now accepts PDF files.
