

November 19, 2021

Caledonia will be making a minor housekeeping filing with the Federal Energy Regulatory Commission this week, to update its FERC Gas Tariff. The filing reflects minor housekeeping edits, the use of email rather than facsimile communications, and updated name and contact information for the person to whom communications should be directed and should not have adverse impacts on any party. A copy of the filing will be provided to you upon submission to the Commission. Should you have any questions or concerns, please contact Masoud Kasraian (masoud.kasraian@enstorinc.com).
