Notice of Force Majeure

Extreme cold temperatures are impeding Enstor Katy Storage and Transportation, L.P.'s ("Katy Gas Storage") ability to safely and dependably deliver gas out of storage and to transfer gas across the Katy Gas Storage system. Accordingly, pursuant to Sections 21.1 through 21.4 of the Katy Gas Storage Statement of Operating Conditions, Katy Gas Storage is declaring a Force Majeure. Effective Gas Day February 16, 2021 and continuing until further notice, limited, if any, services will be available. In this regard, Katy Gas Storage is still in the process of determining the extent of the outage. Updates to this Notice of Force Majeure will be posted on our Informational Posting Website.
