

Due to weather conditions, Worsham-Steed Gas Storage, LLC (“Worsham-Steed”) is issuing an Operational Flow Order (“OFO”) for the Worsham-Steed storage facility effective Gas Day January 23, 2026, until further notice.

In compliance with Section 7.4 of the Statement of Operating Conditions, Worsham-Steed has taken reasonable actions to avoid issuance of an OFO, including interruption of Shippers with lower priority service than firm Shippers and other operational actions.

Shippers and pipeline interconnects are directed to take all necessary actions and make all necessary adjustments to maintain a daily balance between nominations vs flows.

Overtakes from Worsham-Steed, or under delivery into Worsham-Steed will be subject to penalty as spelled out in section 7.4 of the Statement of Operating Conditions.

Over deliveries into the system or undertakes from the system are not subject to penalties.

Please let me know if you have any questions.

Regards,
Matt Singer
