

Subject: NGI System Implementation for Hill-Lake and Worsham-Steed

Effective July 15, 2026, Customers will be able to access all their Williams storage facilities through a single NGI user ID.

Hill-Lake and Worsham-Steed Customers are required to reset their passwords on the morning of July 15, 2026. This one-time action is necessary to activate the consolidation of all facilities associated with your account and enable access through a single sign-on.

If you have questions need help, please contact the Scheduling Hotline at 713-215-2131. Thank you,
